

**City of Campbellsville**  
**Level 1 - 2 Site Development Permit Application for Construction Activities**

**Project Name:** \_\_\_\_\_

**Project Location/Address:** \_\_\_\_\_

**Name of Permittee:** \_\_\_\_\_

**Telephone Number of Permittee:** \_\_\_\_\_

**Email Address of Permittee:** \_\_\_\_\_

**Name of Contact Person for Project (if different than permittee):** \_\_\_\_\_

**Telephone Number of Contact Person for Project:** \_\_\_\_\_

**Email Address of Contact Person for Project:** \_\_\_\_\_

<b>Projected Land Disturbance Characteristics</b>	<b>[check one]</b>	<b>FEE</b>
<b>LEVEL 1:</b> Site construction disturbs less than one (1) acre of soil and is not part of a larger development; increased impervious surface area is less than 3,400 square feet; ground slopes are less than 6%; see additional permit application information required for slopes equal to or greater than 6%	<input type="checkbox"/>	\$50
<b>LEVEL 2:</b> Site construction disturbs less than one (1) acre of soil and is not part of a larger development; increased impervious surface area is greater than 3,400 square feet; ground slopes are less than 6%; see additional permit application information required for slopes equal to or greater than 6%	<input type="checkbox"/>	\$50

**Information and Attachments Required, Level 1 - 2**

1. Describe the nature and type of construction activity: \_\_\_\_\_

2. Give the total area of the site and the area to be disturbed: \_\_\_\_\_

3. Give the percentage of impervious area before and after construction is completed: \_\_\_\_\_ % before \_\_\_\_\_ % after

4. List the size and type of any outfalls to the storm sewer system: \_\_\_\_\_

5. Describe all structural and non-structural BMPs that will be used at the site: \_\_\_\_\_

6. For ground slopes greater than 6%, describe additional controls that will be implemented to stabilize the site both during and after construction: \_\_\_\_\_

7. Describe any vehicle tracking controls needed for the site: \_\_\_\_\_

**City of Campbellsville**

**Level 1 - 2 Site Development Permit Application for Construction Activities**

8. How will final stabilization of the site be achieved?

9. Include a plot plan showing general erosion protection and sediment control notations and practices.

The practices noted shall meet the design criteria set forth in the most recent version of Kentucky's EPSC Field Guide and City of Campbellsville Stormwater Ordinance No. 08-09; copies of both documents available at City Hall.

**Certification Statement**

"Based on my inquiry of the person or persons directly responsible for gathering the information for this document, the information presented is, to the best of my knowledge and belief, true, accurate and complete. Any land clearing, construction or development involving the movement of earth shall be in accordance with the plans as approved and qualified persons designated by myself shall be responsible for implementing and maintaining all aspects of the approved plan. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations."
